

INDEX
(SPRING 1993 - FALL 2003)
Volume 18-1 through Volume 28-2

COMPILED BY M. HIGGINS / DECEMBER 2003
ADAPTED FROM SUSAN FRASER'S EARLIER WORK

CANADIAN CHILDREN is published twice yearly and distributed to over 700 professional CAYC members concerned with early childhood development and primary education.

- ◆ The Journal's timely and informed content is overseen by an Editorial Review Board, which includes Education Directors, Doctors and Faculty of Education department heads from many Canadian universities and Education Boards.
- ◆ The circulation profile of our members and other recipients of the Journal, includes: teachers, childcare centres, primary schools, school boards, colleges, universities and libraries located throughout Canada and internationally.
- ◆ The Journal provides an opportunity to target decision-makers in the field of early childhood education, primary education and child development.

This is the first publication of the Canadian Children Journal Indices. It currently covers a period of ten years, from Spring 1993 through to and including the Fall 2003 issue. Listings are made in the order in which they appear in the journal. As we approach the 30TH Anniversary of the Canadian Association for Young Children, it is perhaps time again to make visible some of our accomplishments. It is my hope that this will be the beginning of a growing historical accounting of the articles published in the journal.

Acknowledgements are extended to Susan Fraser, former editor of the journal, who began the title transcriptions years ago, Carol Jonas, outgoing publications chair for her encouragement, Wayne Eastman, new publications chair, for his review and publication support and April Hodgson, my Lambton College student-assistant for her typing.

*Mabel F. Higgins, Editor
Canadian Children*
